

**Lutherville Laboratory**

**Principal's Weekly Message**

**Mrs. Molly Bissell, Principal**

**Sunday Message**

Good evening Lutherville Families,

The Parent Advisory group met this week and discussed our continued work on communication at Lutherville. As a result of the feedback, we have started a Lutherville Elementary School Instagram account. Please follow us at Lutherville Elementary School. Please also follow @LuthervilleE to see what is happening at Lutherville Lab. Twitter is connected to our website.

The Lost & Found is overflowing in the cafeteria. Please stop by the cafeteria for any lost items. We will be donating all lost and found items at the end of the month.

Students practice 19 safety drills during the school year. In the next few days, students will participate in a safety drill that requires them to leave the building with their teachers or other staff and go to edge of property because a bad person is in our building. Although this type of event is very unlikely, we want to be prepared as we prepare for all emergencies. Directions will be given to students within their classrooms by their teachers. They will learn what to do if a situation required them to evacuate. They will be offered an opportunity to talk with their teacher or a trusted adult if anything about the discussion and practice makes them upset

We are excited to have Brooks the WBAL-TV Puppy with a Purpose and his raiser, Ms. Eschrich, lead an assembly on Wednesday, January 22<sup>nd</sup>! Look for pictures on Instagram and Twitter.

We are looking forward to seeing everyone this Wednesday for the Third Parent Information night on the topic of AVID. This night will include the following topics:

- ✓ Student speakers
- ✓ AVID relationship building activity
- ✓ Call backs
- ✓ AVID organization examples
- ✓ AVID strategy examples

Have a wonderful week!

Mrs. Bissell, Principal

**Looking Ahead...**
